

A time in a lifetime

Tony Chesher

I wanna move the world along, till it moves along with me
I'm gonna feel and be so strong to find what I can be

It'll take a little while but I've got the time
And you know that I'll always be there for you.

I'm gonna sing and drink and win till I can't sing no more
The feelings that it brings has my feet strong on the floor

Moving along through the meanings of my life
Makes it easy to believe
That it's good and it's fun and my time is never done
Can't you see inside my life, inside my life.
Does it pain you inside, do you wanna run and hide
Will it make a better person of you ...

Back to the desires of one man's self-aware
Don't wanna cross the wires, reclude and sit and stare.
It'll take a little while but I've got the time
And you know that I'll always be there for you.

Getting the feel of the way you look at life
Is really going somewhere pretty fast.

One time in a lifetime to have the time of life
Doing things I find hard to believe.
